Spring is here and with the arrival of the sun comes the arrival of exciting new programmes and projects from the TBN UK studios.

We're so excited to reveal two entire re-brands of both our website and our popular weekly programme featuring news from the TBN UK studios. Join Emily and Graham as they give you the all-access experience as Partner Time becomes TBN UK Weekly. Find out more on page 9. We've also got more feedback from you, our TBN UK family, on page 8. If you're looking for more resources to encourage your walk with God then don't forget our new Grow with TBN UK platform on page 6 and our monthly partnership gift on the back page!

As the cost of living has continued to increase across the nation, we thought it important to dedicate one of our new programmes to inspiring the Church to serve those feeling financial pressure. Take a look at what to expect on page 4.

Plus, we introduce exciting new shows from energetic youth festivals to Bible exploration. Use the handy schedule on page 10 to plan your weekly viewing!

Until next time,
– The TBN UK Team

Jubilee+ is a Christian charity that helps Christians and churches across the UK to change the lives of those in poverty in their communities. Hosted by Natalie Williams, CEO of Jubilee+.

Join Jubilee+ and their guests as we unpack practical and spiritual support in the midst of the cost of living crisis.

Over the past year the cost of living has continued to increase. How is this affecting our communities? How can we tackle this issue together?

We've partnered with Jubilee+ to open up this important conversation for those who are passionate about social justice. Natalie Williams, CEO of the charity, hosts this timely series, inviting experienced and insightful guests to share on the topic of generosity, community, division, and more. As someone who grew up in relative poverty and has worked at the charity since its conception, Natalie brings much wisdom to the programme as well as welcoming experienced guests to share their insights.

Each episode will be dedicated to a strengthening of the Church to connect with and serve those around us, highlighting powerful Bible moments that inspire our hearts to serve those who are hungry or in need.

The team also set out to answer the difficult questions: how can we help those who are making bad decisions financially? How can we plan short and long-term to provide consistent and reliable support for our communities?

Let's inspire and equip ourselves to share the love of Jesus and take action for our communities in the midst of financial hardship.

Ben Parish, community engagement leader at Lowestoft Community Church.

Rosie Hopley, founder of the charity Beloved, and co-founder of the prayer gathering, Vision for the Vulnerable.

Join our new community for Christians to learn, share, and grow together.

Social media can be full of toxicity, anxiety, and comparison. Or just simple distraction!

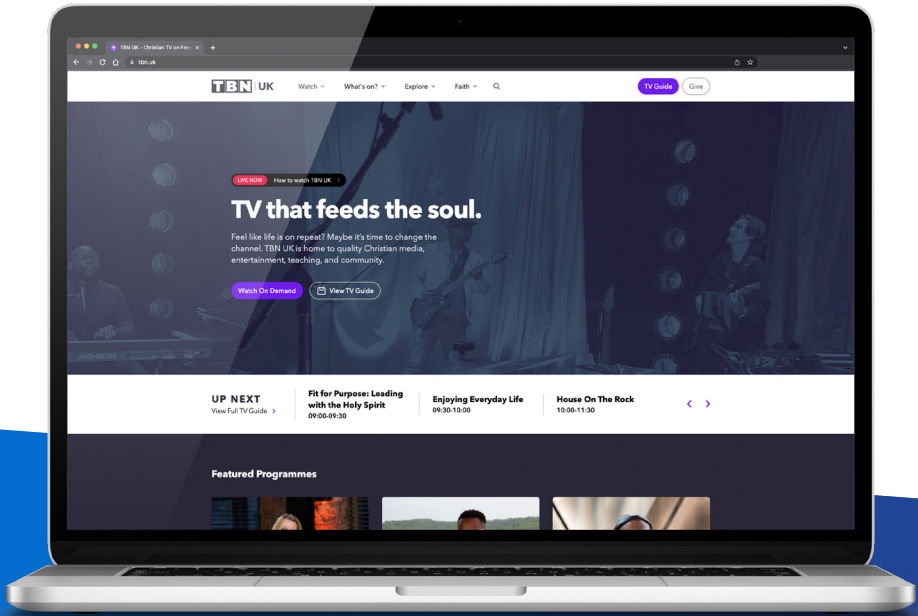

On our new Grow with TBN UK platform, you can find a feed full of goodness as our hosts and members share encouragement, truth, and scripture – not to mention lifestyle workshops,

Bible study courses, devotionals, and even a prayer space with members of our team ready to stand with you in prayer. If we're going to scroll, let it be through life-giving content.

“ Thanks for your newsletter. I only found your channel at the beginning of the year, and now I watch it all the time. Watching your channel has brought God and Jesus into my life. It seemed to happen so quickly, I feel like a born again Christian and it’s so wonderful.

“ Thank you, your prayers and TBN UK programmes have been a lifeline to me during a very difficult and challenging time. May God bless you, your ministry and programmes, especially TBN UK Play. A photograph showing two people, a man and a woman, sitting at a desk in a control room. The man is on the left, wearing a plaid shirt, and the woman is on the right, wearing a striped cardigan. They are both looking at each other and appear to be in conversation. In the background, there are several computer monitors displaying various video feeds and technical information. The room is dimly lit, with the primary light source being the screens.

Partner Time Becomes TBN UK Weekly

In February 2020 I was asked to step in as the host for TBN UK's Partner Time. The plan was to cover for a few weeks but little did we know what the year 2020 would have in store! The season of recording from home, in a lockdown, brought the show incredibly close to my heart. If you remember those days and tuned in weekly, thank you for staying with me all this time.

A few weeks turned into a full-time role as host and now, exactly three years on, we are about to launch an exciting new rebrand of **Partner Time!**

It's so important that we hear from our TBN UK family on what content you want to see from us. We have taken all the feedback from you regarding **Partner Time** and have been working hard to

create a new programme that is enjoyable, inviting, and gives you all the exciting updates on what is going on at TBN UK. I'm excited to announce that Graham will be joining me as a host, we'll be updating all the segments with some fun surprises along the way, a new set, and most of all, a new programme title.

So if you want to continue to stay up to date on all that we get up to on screen and off screen, then make sure you join us for... **TBN UK Weekly.**
