# Your stories

My life has changed drastically due to osteoporosis and the disability that's resulted. So TBN UK has literally become mine and my fiancé's "church" while he has been caring for me. It's testament to how the these teachers and all at TBN UK are led by the Holy Spirit and are in God's will for us all. Jesus is always centre and our relationships with Him have become closer and deeper than we've ever experienced.
