Intermittent pain has gone in my upper right arm without me asking you to pray for me. Praise the Lord!

Dear Gery, Thank you so much for praying for Wallace on the live programme! He experienced pain in his head whilst you were praying for him and he now knows that your friend and his friend Jesus Christ has answered his prayer request - he even asked me to turn the volume down because your voice had become too loud! Praise God and thank you again for your tireless ministry and devotion in the Lord Jesus' service. God bless you.
